

MeetLyra SEO Strategy & GEO Report

Generated At: 2026-05-19T16:53:12.348663+00:00

This report presents a strict, evidence-backed strategy audit combining page intelligence, technical checks, competitor content gap research, and generative engine optimization (GEO) scoring.

1. Generative Engine Optimization (GEO) Overview

GEO readiness determines how frequently your site content is retrieved and cited by AI engines like ChatGPT, Bing Copilot, Perplexity, and Google AI Overviews.

Capability	Status	Deployment Detail
technical_seo	full	Implemented directly in content_machine
